Health check-up? MOT? Just cannot pinpoint what's going on with your body? Our qualified staff can help.

The Crossgates Bioresonance Hair Analysis

The CG Bioresonance machine detects any imbalances in all areas of the body and mind, creating a tailormade remedy and an energetic pendant specific to you. The pendant can be worn on a necklace, and at night placed inside your pillowcase, providing the benefit of a specific therapy 24 hours a day (this is done remotely with a sample of hair or at a consultation at The Barn). Prices are £96.30 plus p+p for the basic consultation or £130.00 plus p+p for the full consultation.

The BICOM Bioresonance & Body Check Scanner -£145.00 at The Barn

These innovative machines alongside our other services provide a unique approach to taking care of your health. Whether you are troubled with chronic ongoing health issues, injuries or simply require peace of mind- we have a solution.

Bicom Bioresonance & Bicom Body Check Scanner are methods of detecting imbalances within the body. The Body check scanner which is up to 95% accurate and can be used to identify areas of high energetic stress on the body and is commonly followed up with therapy on the Bicom Optima machine. This is registered Class2A Medical Device and holds a CE certification (this is done via appointment at The Barn).

Weight Management and Body Cleanse Programme. Our plan is totally personalised to you to achieve the best results and includes your pendant with your personalised bioresonance programme, a consultation to discuss your report of findings, your tailor-made 14 Day Body Cleanse & Weight Management plan detailing recipes, meal planners, shopping list, exercise plans etc. We will also check in with you after the 14 days to monitor your progress and to discuss further details from your report and a maintenance programme. If you are local we also offer this service to you face to face where we are able to take your measurements including a body composition analysis which will give you more motivation. Everyone is different when it comes to weight management. We are achieving great results by taking this more personalised approach. £150.00
